Yash Gupta

Web Developer

As a Web Developer, I am always open to new opportunities and challenges. My Problem Solving skills, Internships and Projects gave me confidence to do any upcoming projects or tasks. I am a final year student, currently pursuing B.Tech in Information Technology from Dr. Ambedkar Institute of Technology for Handicapped, Kanpur

PERSONAL PROJECTS

CRUD using Django-Ajax
- In this project I have implemented CRUD(Create,Read, Update,Delete) operations using Django with Ajax.
- All the operations will be performed without any page reload.

Personal Website
- This site contains all my personal details. I have designed it using HTML, CSS and JavaScript. This helped me learning a lot about designing.
- Moreover it is fully responsive.

Tic-Tac-Toe Game
- This game is designed using Python.
- .It has total three modes in which you can play.
- Code is available in my GitHub account.

Flappy Bird Game
- This is a GUI game designed using Pygame Library in Python.
- Code is available in my GitHub account.
